Divina

SEMINTERRATA CONTEMPORANEA

Divina, ultima nata della gamma Dolcevita, esprime già dal nome quello **stile e fascino** che la contraddistinguono: espressione contemporanea della piscina come **complemento d'arredo di classe** per gli spazi aperti, momento per godere **il relax e la bellezza** del tuo giardino.

La sua vasca seminterrata è avvolta con pannelli dalla piacevole finitura in **rattan sintetico, intrecciato a mano** su telaio di alluminio verniciato; impreziosita dal **lettino prendisole** e dalle sedute con **morbidi cuscini in Sky nautico**, offre il massimo relax mentre ti rilassi al sole a fianco del tuo specchio d'acqua.

Divina coniuga le esigenze di **stile ed eleganza** alla voglia di **divertimento** di tutta la famiglia, potendo essere accessoriata come una piscina tradizionale: faretti a Led, nuoto contro corrente e riscaldatore, che permette di godere il piacere della piscina più a lungo.

Tre varianti di colore per il rivestimento in rattan e 4 nuance per i cuscini, la possibilità di **personalizzazione** del living e l'ampia gamma di misure rendono **unica ogni vasca** Divina.

Dotata di locale tecnico sotto la zona prendisole, si installa senza opere edili impattanti ed in pochissimi giorni, garantendoti di **godere al massimo il tuo spazio esterno**.

CONTEMPORARY SEMI-UNDERGROUN

Divina, the latest addition to the Dolcevita range, already expresses from its name the style and charm that distinguish it: contemporary expression of the swimming pool as a classy furnishing accessory for open spaces, a moment to enjoy the relaxation and beauty of your garden.

Its semi-underground basin is wrapped in panels with a pleasant synthetic rattan finish, hand woven on a painted aluminium frame; embellished with a sunbed and seats with soft cushions in nautical Sky, it offers maximum relaxation while you relax in the sun next to your mirror of water.

Divina combines the needs of style and elegance with the desire of the whole family to have fun, as it can be equipped like a traditional swimming pool: LED spotlights, swimming against the current and heater, which allows you to enjoy the pleasure of the pool for longer.

Three colour variations for the rattan coverings and 4 shades for the cushions, the possibility of customising the living room and the wide range of sizes make each Divina pool unique.

Equipped with a technical room under the sunbathing area, it can be installed without impacting construction works and in just a few days, ensuring that you can enjoy your outdoor space to the full.

SEMI-ENTERRÉE CONTEMPORAINE

Divina, le dernier né de la gamme Dolcevita, exprime déjà par son nom le style et le charme qui le distinguent : l'expression contemporaine de la piscine comme accessoire d'ameublement de classe pour les espaces ouverts, un moment pour profiter de la détente et de la beauté de votre jardin.

Sa cuve semi-enterrée est enveloppée de panneaux au fini agréable en rattan synthétique, tissés à la main sur un cadre en aluminium verni. Agrémentée d'un bain de soleil et de sièges aux coussins souples en Sky nautique, elle offre une détente maximale pendant que vous vous relaxez au soleil à côté de votre plan d'eau.

Divina combine les besoins de style et d'élégance avec le désir de toute la famille de s'amuser, car elle peut être équipée comme une piscine traditionnelle: spots LED, nage à contre-courant et chauffage, ce qui permet de profiter plus longtemps du plaisir de la piscine.

Trois variations de couleurs pour le revêtement en rattan et 4 nuances pour les coussins, la possibilité de personnaliser le living et le large éventail de tailles font de chaque piscine Divina une pièce unique.

Doté d'un local technique sous la zone solarium, il peut être installé sans incidence sur les travaux de construction et en quelques jours seulement, vous permettant ainsi de profiter pleinement de votre espace extérieur.

Divina

CARATTERISTICHE TECNICHE

Rivestimento interno vasca in fibre poliesteri e polimeri ad alta resistenza e durata.

Struttura in acciaio inox e acciaio zincato a caldo protetto con polveri epossidiche.

DOTAZIONI DI SERIE

> Impianto di filtrazione e trattamento acqua esclusivo Laghetto.

> Faretti a Led.

> Scala di accesso.

> Locale tecnico integrato nella zona prendisole con sportello di accesso.
